Detailed Embargoed areas info:	Embargo overview in Google Maps

Other areas info	Orienteering New Zealand (ONZ) has been awarded the hosting rights to the Junior World Orienteering Championships in November 2029. ONZ has put together a list of areas that have the potential to be used. Once a formal organising group has been formed along with an IOF SEA assigned to the event, then final decisions will be made on the areas used, and unused areas will be removed from the embargos. Until then, ONZ wishes to embargo all possible areas. <u>Forest Areas: Pegasus Beach, Woodend Beach, Hogs Back and Flock Hill</u> <u>Sprint Area: Christchurch Botanic Gardens</u> In accordance with IOF Competition rules, embargoed areas are strictly forbidden for all potential JWOC 2029 athletes, team officials and other persons who, through knowledge of the terrain, may influence the results of the competitions which extends to immediate family members, and regular training partners. The area is not embargoed for non-navigation-based recreation for local orienteering club members, as long as the statements above are followed. <u>Sprint Areas: University of Canterbury - Dovedale Campus, Lincoln University Campus and Christchurch Central City including Christ's College</u> In accordance with IOF Competition rules, embargoed areas are open to normal life and activity. However, training with a map or route choice testing, even without a map, is forbidden for all potential JWOC 2029 athletes, team officials and other persons who, through knowledge of the terrain, may influence the results of the competitions which extends to immediate family members, and regular training partners. <u>Exemptions</u> Persons subject to the above embargoes who either work, reside (including halls of residence) or are enrolled in a place of education within an embargoed area, are asked to register their ongoing access with the JWOC 2029 Embargo Register here. For the avoidance of doubt, this is not required for those for whom the embargo does not apply, for normal life and activity for those for whom it does apply, nor each time you enter the embargo.
